DIPARTIMENTO
DI MEDICINA E CHIRURGIA

Data analysis and biostatistics

Dottorato in: Medicina e Terapie Sperimentali, XL ciclo, I anno

Postdoctoral researcher at the Lab of Clinical Neurochemistry of the University of Perugia. He has expertise in solution NMR experiments, fluorescence techniques and computational tools. His research activities are focused on biomarkers of neurodegenerative diseases.

Docente: Giovanni Bellomo

Dipartimento di Medicina e Chirurgia

Aula 10, Edificio C, piano -1 lato sx
dalle 9:30 alle 11:30

Course Program

Lesson 1 – Introduction	21/11/2024
Lesson 2 - Probability and statistical tests	05/12/2024
Lesson 3 – Multiple groups comparisons, covariates	12/12/2024
Lesson 4 – Power analysis & sample size calculation	19/12/2024
Lesson 5 – Classification 1	09/01/2025
Lesson 6 – Classification 2	16/01/2025
